

There is a virus that is making a lot of people sick right now. I hear my family talk, and I am learning about it from the news. It is making me feel worried.

1

I feel worried, but I know that my family is doing everything we can to stay healthy.

2

We are staying home so that we can stay healthy. We do not go to the park, or to school, or to work.

3

When it is nice outside we can go play in our yard, or sometimes we can go for a walk or bike ride.

When we go for a walk or a bike ride I stay close to my family and I will listen to them. They will keep me safe and healthy.
